WORK EXPERIENCE

Software Engineer
DLT Labs

11/2021 - Present   *Noida, India*

Achievements/Tasks

- Extensively worked in IOT team for enhancing the integrated Google Maps in product ***DL Asset Track.***
- Developed **multilingual translations** support for French, Spanish, Thai, and Japanese.
- REST API integration using **react-redux.**
- Worked on several **microservices** for live tracking of delivery vehicles.
- Fixed production bugs using version control systems like **Git**.
- Collaborated with cross-functional teams, to ensure seamless integration of **CI/CD** pipelines.
- **Tools** : React • JavaScript • Node.js • TypeScript • AngularJs

EDUCATION

B.Tech in Electronics and Communication
Ajay Kumar Garg Engineering College, Ghaziabad

08/2017 - 07/2021   *CGPA - 7.63*

COURSEWORK

- Data Structures
- Algorithms
- C Programming
- Engineering Maths - I, II
- Cloud Computing

Senior Secondary(10 + 2)
Tulsi Ram Maheshwari Public School, Modinagar

04/2015 - 03/2016   *78%*

SKILLS

C++   Data Structures   JavaScript   NodeJS

MongoDB   ReactJS   Git   Express

PROJECTS

ECOMMERCE WEB APPLICATION

- Developed a **SPA** (single page application) using MERN stack following Agile Scrum. Designed database and used microservices architecture.
- Deployed backend on **render** and frontend on **netlify.**
- Tools: React • Node.js• Express• MongoDB 🔗

GOOGLE KEEPER CLONE

- Developed a clone of the Google notes-making app using the **MERN** stack. Connected it with the Database by building API from scratch.
- Implemented React **Components**, **Hooks,** and **States** to reduce the rendering time.
- ReactJS • NodeJs • Express• MongoDB 🔗

GOOGLE CHROME EXTENSIONS

- Developed Chrome extensions like Theme Change and Dad-Jokes. Successfully published them on **Chrome Web Store**.
- JavaScript • HTML • CSS 🔗

ACHIEVEMENTS

Codechef January Long Challenge (2022). 🔗
*Secured **8th Rank** among 25000+ participants,*

5 stars in CPP and Problem-solving on Hackerrank
Achieved this feat by solving questions of various difficulty levels.

Codechef, Codeforces, Leetcode, GFG
Solved more than 1000+ problems on various coding platforms.

Microsoft Technology Associate Certificate
Awarded MTA Certificate after scoring 75% in Introduction to Python Course.
